CONDITIONS OF SALE

PRICES: All prices and conditions are subject to change without notice and all quotations, unless otherwise specified, are binding only for immediate acceptance. Published prices are based on material made to EPC's standard tolerances and dimensions. All orders are subject to acceptance by the home office. Order accepted will be on the basis of price in effect on the date of shipment.

FREIGHT: Freight will be allowed on single shipments of 600 pounds or more to any one destination in the United States, except Alaska and Hawaii. However, two or more orders may be combined in one shipment for freight allowance. On freight allowed shipments the consignor reserves the right to control the routing and use the route having the lowest published rate.

RETURN OF GOODS: No material is to be returned without our written permission. A minimum handling and inspection charge of 2.5% will be levied on all approved returned goods, plus transportation charges both ways. Returns will not be accepted for bagged product that has been opened.

WARRANTY

Elkhart Products Corporation warrants that all fittings will be free from defects in material and workmanship which will impair their usefulness provided they are used in the service for which they are recommended. Any fitting which proves to be defective will be replaced or a credit issued but no incidental labor charges, expenses or damages will be allowed.

LIABILITY POLICY

PART A

EXCEPT AS EXPRESSLY STATED ON THIS DOCUMENT, SELLER MAKES NO WARRANTY, EXPRESS OR IMPLIED, WHETHER OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR USE OR OTHERWISE, ON ANY PRODUCT, OR ON ANY PARTS OR LABOR FURNISHED DURING THE SALE, DELIVERY OR SERVICING OF ANY PRODUCT.

PART B

Except as expressly stated on this document, Seller shall not be liable to the Buyer or to any other person, firm, or corporation for any incidental or consequential loss, damage, or injury arising out of any breach of warranty or any other act or default relating to Buyer's order or to product or services provided to Buyer, even if any such loss, damage, or injury is caused by Seller's negligence. The correction of defects as provided in the warranty statement above shall constitute Seller's full obligation with respect to all claims and Seller's liability shall in no event exceed the unit purchase price of the product in question.

Any lawsuit or other action based upon breach of this contract or upon any other claim arising out of this sale (other than an action by Seller for any amount due to Seller by Buyer) must be commenced within one year from the date of the tender of delivery by Seller or, in the case of a cause of action based upon an alleged breach of warranty, within one year from the date within the warranty period on which the defect is or should have been discovered by Buyer.

WROT COPPER FITTINGS FOR MEDICAL GAS SERVICE

Elkhart Products Corporation supplies "cleaned and bagged" wrought copper fittings for use in the medical gas service. The objective is to be certain the fittings are free of petroleum based contaminants and remain that way until they reach the job site.

EPC copper fittings are cleaned using automated vibratory burnishing or a combination of rotary drum and vibratory burnishing systems. Parts are thoroughly rinsed in clear water and an inhibitor solution is applied. This is an aromatic compound which forms a monomolecular film when dried with a blow drying system free of oils. This film prevents tarnishing during storage.

Parts for medical gas are inspected during the packaging process. The parts are sealed in a plastic bag and packed into a cardboard box for shipment.

Cleaning is done to standards set forth in NFPA 99 and CGA G-4.1.

Elkhart Products Corporation provided "cleaned and bagged" parts that meet or exceed the standards listed above, however; EPC has no control of the methods of storing, handling or installing the fittings after they have left our facility.
